No. 56. T.

Office of the President of the
Town and Cercle
Gendarmerie District
Dated 19th August 1918

To The Secretary to the
Government of Upper
Volta Subdivision
Department

Sir,

I have the honour with
reference to your letter No. 2 of the
current month to forward the
enclosed petition from the
Village Chief of Bondoukuy praying
that I may be pleased to state that the
villagers have at their
expense sunk a well to a
depth of 54 feet and that
good spring is tapped at

a depth of about 42 feet. The villagers being too poor to bear the whole cost of revetting the well have paid half the amount of the estimate as Contribution which is now held in deposit and they have sought the help of Government for the other half I have satisfied myself of the necessity of this work as there is no other source of water supply on which the villagers may depend than a halla which dries up during summer

2. The amount of the estimate will be met from the grant applied for from the Govt. for new works with this office No 123/116 dated 18th Instant

I have the honor to be
Sir,
Your most Obedient Servant
